

SBM OFFSHORE NOMINATION NEW SUPERVISORY DIRECTOR

SBM Offshore N.V. is pleased to announce the following:

1. Nomination of Mr. F.J.G.M. Cremers as a Supervisory Director

The Supervisory Board of SBM Offshore N.V. will make a non-binding proposal at the AGM of 2010 to appoint Mr. F.J.G.M. Cremers as Supervisory Director for a four (4) year term.

Mr. Frans Cremers (57, Dutch) has more than 20 years of experience in the oil and gas business from his international career with Royal Dutch Shell (1975-1996), where he became CFO at Shell Expro UK in London. Mr. Cremers then moved back to the Netherlands to join VNU N.V. as CFO and member of the Board of Management until his retirement in 2004.

Mr. Cremers current activities are as follows:

- a member of the Supervisory Boards of N.V. Nederlandse Spoorwegen, Koninklijke Vopak N.V., Fugro N.V. (vice-chairman), N.V. Luchthaven Schiphol, Unibail-Rodamco S.E. and Parcom Capital B.V.;
- a member of the Capital Markets committee of the AFM (Kapitaalmarkt AFM);
- a member of the board of the Foundations of Stichting Preferente Aandelen Heijmans, Stichting Preferente Aandelen Philips and Lodewijk Stichting (Preferente Aandelen Oce).

Additional information will be available in the Explanatory note of the Agenda for the AGM of 2010 when published.

3. Corporate Profile

Dutch limited liability company SBM Offshore N.V. is the holding company of a group of international, marine technology orientated companies. Its business is to serve on a global basis the offshore oil and gas industry by supplying engineered products, vessels and systems, and offshore oil and gas production services.

The product line comprises:

- Offshore import/export terminals for crude oil, refined products, LPG and LNG, mostly based on the single point mooring principle, Floating Production and/or Storage and Offloading systems (FSOs and FPSOs) and other floating production facilities based on ship hulls, semi-submersibles and Tension Leg Platforms (TLPs);
- Offshore oil and gas production services through the leasing of integrated production and storage facilities owned and operated by SBM Offshore;
- Design, construction and supply of semi-submersible drilling platforms;
- Special designs and engineering services and delivery of specific hardware components for dynamically positioned drillships, semi-submersible drilling platforms, jack-up drilling platforms, jack-up platforms for civil construction, large capacity offshore cranes, elevating and lifting systems, crane vessels and other specialised work vessels;
- Offshore construction and installation contracting services.
