## HUMAN RIGHTS STANDARDS

SBM Offshore is committed to conducting business in accordance with our commitment to the United Nations' (UN) Guiding Principles for Business and Human Rights (UNGPs), Building Responsibility's Worker Welfare Principles and SBM Offshore's Code of Conduct. The SBM Offshore **Human Rights Standards** below set out the principles that we expect to be upheld by our employees, contracted workers, suppliers of any tier and business partners ("People") wherever in the world we operate. These standards reflect international best practice and internationally recognized Human Rights legislation, including UN and International Labour Organization (ILO) Conventions. SBM Offshore will focus on People most vulnerable to adverse impacts. We acknowledge that our Human Rights efforts will continuously evolve and that our Human Rights journey at SBM Offshore will develop as we mature.
